Civic Association.
A very pleasant and very interesting meeting of the Civic association was held yesterday afternoon with Mrs. Will Dwyer at her home on South McDuffie street. Splendid reports were given from all the committees, and clearly what a wide scope of work the civic is accomplishing in many ways in Anderson. Mrs. Faust reported that they had been unable to get the deeds for the triangle plot given by Mr. H. G. Anderson and therefore nothing had been done to the place as had been planned.

The year books were distributed, and as this is the first time they have had these they were most interesting. The program for the afternoon was as follows:

Instrumental solo, Miss Zenobia Welch.
Paper, "Medical Inspection in Our Schools," by Mrs. A. L. Smethers was splendid and enjoyed by all.

Mrs. Chambers sang two solos, after which Miss Janie Garlington gave an interesting talk on the organizations of clubs in the schools.

A Society Nymph of the Wood.

This is a photograph of a Newport society woman in one of the latest "stunts" of that resort. They have a cult which believes in dancing in the woods in imitation of fabled nymphs of the Greeks. But the dancing is

done under the direction of a teacher who has long studied the subject. Scores of society women, or perhaps their daughters, have taken to this kind of dancing. They wear the flimsiest clothing, but they are free and they say it makes them strong.

WERE QUIETLY MARRIED
Mr. Edward Durris and Miss Annie Bonds married in Anderson.

Mr. Edward Durris and Miss Annie Bonds both of Iva motored to Anderson on Wednesday night and were quietly married by the Rev. Stone. These two young people are very popular in the lower section of the county and will have the best wishes of a wide circle of friends.

Mr. Durris is the son of Mr. and Mrs. W. T. Durris and is a promising young farmer. Mrs. Bonds is the daughter of Mr. and Mrs. Bud Bonds of near Monteville and is a young woman of many lovable traits.

"Prosperity has ruined many a man," declared the moralizer. "Well," rejoined the demoralizer. "If I was going to be ruined at all I'd prefer prosperity to do it."—Harper's Magazine.

ANDERSON MAN WILL BECOME SECRETARY?

MEETING CHAMBER OF COMMERCE HELD LAST NIGHT

WILL CONTINUE LIST PREPARED
Organization and Want to Make it as Live as Possible—Committee to See Probable Secretary.

A few of the members of the chamber of commerce met at the room on North Main street last night for the purpose of discussing the affairs in general of the organization and of deciding upon its future course.

After due discussion the executive committee was empowered to see one of Anderson's leading business men this morning and if suitable with him, to employ him as secretary of the organization until the end of the fiscal year, February 1, 1916, at least.

It was not known last night whether this man whom the committee has in mind, would accept or not, but if he does, the chamber of commerce will be certain to take on new life and will be of great help to Anderson.

The financial condition of the chamber of commerce was discussed last night and it was stated that debts outstanding amounted to something like \$500. This indebtedness was made because of subscriptions made by the members but it appears now that there is going to be considerable trouble in collecting some of these subscriptions. However, it is necessary that this money be collected in order that the organization be continued and every member is requested to pay up at the earliest possible date.

The directors want to continue the chamber of commerce and put into it all the life possible. The executive committee, consisting of Messrs. Jas. D. Hammett, W. W. Sullivan and R. E. Ligon, will call on the gentleman to whom they are to offer the position as secretary, this morning and it is almost certain that before tonight the chamber of commerce will have a good man as its secretary.

The man in mind is simply capable of attending to the duties of the organization, is a good publicity agent, is one of the best business men of the city and has the confidence of all the people. It is thought that if he will take hold of the affairs, the chamber of commerce will again be considered as a valuable asset to the city and it will do what was its purpose in the beginning.

ODD BITS OF NEWS.

Gary, Ind.—Gary taxijitneys are waging a war on fat men. The drivers get near-sighted what a fat man stands waving frantically at them from the sidewalk. Eight jitneys recently passed by Mayor Tom Knotts. "Why should we put in one man who takes up fifteen cents worth of room?" said a driver. "A five passenger jitney will carry ten slim steel workers at a nickel each."

New York Politician Wanted for Murder.

Mike Rofrano.
Mike Rofrano, till lately deputy street cleaning commissioner in the reform administration of Mayor Mitchell, is now wanted by the police as the instigator of the murder of Mike Galmarli, another Italian, who was killed some months ago.

It is another case of those stories of underworld life in New York, Galmarli was a lieutenant of Tom Foley, Tammany leader of the second assembly district, which contains thousands of Jews and Italians. To beat Foley, Rofrano's crowd thought it necessary to get rid of Galmarli. He was murdered. Several men have been convicted in connection with the crime, but not until recently did the New York district attorney get sufficient evidence to obtain an indictment against Rofrano, who disappeared a day or two before the action of the grand jury became generally known.

PUT SULPHUR ON AN ITCHING SKIN AND END ECZEMA

Says this old-time Eczema remedy is applied like cold cream.

Any irritation or breaking out on the face, arms, legs or body when accompanied by itching, or when the skin is dry and "cracks," can be readily overcome by applying a little bold-sulphur, says a noted dermatologist.

He states that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. What is not all-ways establishing a permanent cure it never fails to subside the itching irritation and drive the Eczema away and it is often years later before any eruption again appears on the skin.

Those troubled should obtain at any drug store an ounce of bold-sulphur, which is applied to the affected parts in the same manner as an ordinary cold cream.
